

## **Computer Illustration Project Brief**

### **Project 3: City Map Due: Week 12**

#### **Objective**

Choose 5 landmarks from one of the cities listed below and using what you learned about simplification, exaggeration and stylising, create your own map which includes your landmarks and all the major roads that connect them. Keep in mind your stylistic development. It does not need to be the same as your previous project.

Choose one of the following cities: (Once chosen, you cannot change)

Georgetown, Guyana  
New York City, USA  
London, UK  
Toronto, CA  
Sydney, AU  
Paris, FR

#### **Outcome**

Present a print-out of each assignment on their respected due dates.

Print-outs should be in colour and sized at 11in x 17in or A3 on cardstock.
